Time	Agenda Item	Facilitator	Discussion
12:31	Motion to	Dan	
	Begin Mtg		
5 mins	Corneal Cup	3 rd year	-thought it went really well
	Recap	sports reps	-for next year write down more rules so it's a little more
			straightforward regarding teams, specifically how players
			can be recruited for fourth year teams
			-raised 503 meals worth for Food Bank!
			-remember that the point is to have fun!
			 -staff student game turned out really well!
			-less people overall came out to cheer, not many people
			came to both years of the night, next year try to
			encourage people to come to all games
			 -possibility of having staff/student game at a different
			time in the semester for people not to have extra thing to
			watch that week, but likely would be harder to get ice
			time for this due to intramurals
			-could have right before the staff student game right
			before the after-party, but the game was pretty well
			attended during Corneal Cup week anyways
			-make sure to CC the staff/faculty in the Corneal Cup
			emails (they have separate mailing lists)
2 mins	After Party	Dan	-it was fun!
	Recap		-things went well according to the manager so thanks to
			everyone for being well behaved and keeping up our
			good reputation with Bomber since it is our only option
2	Constant of	4 st	right now for events on campus!
2 mins	Sands of	1 st year	-thought it went relatively smoothly
	Sahara Recap	sports reps	-had enough time at end of tournament that would
			recommend next year for consolation final to be 25
			points also (same as the final) so there would have been
			people playing longer so courts were full the whole day -15 point games was a good idea for the round-robin
			games so keep doing that next year!
			-give gift cards out at the end and take a picture so that
			everyone knows it's the end of the tournament
			-make sure there is some sort of whistle or megaphone
			to get people's attention
			-not many people dressed up but there were at least
			some good names
			-the team that won the spirit competition had a team
			cheer so that was really good
5 mins	Interview Day	Dan	- ran smoothy, thanks to all the volunteers
	Recap		-this year was a 1-on-1 interview instead of MMIs, each
	1-		candidate had 12 min but the interviewers couldn't keep
			up with this and so things ran behind a little

	Unicer		-very simple position to do (only a few hours to set up the election in Sept and Mar) but you're still involved
2 mins	Equipment presentation (3 rd to 1 st)	3 rd year equipment reps	-occurred last term in Nov -it was really helpful and appreciated to have an overview of what to buy and when to buy it!

2 mins	ODT presentation (3 rd to 2 nd)	Dan	 -session on how the selection process works and why you might want to pick one over the other -Mel Le will be setting that up with Jocelyn -will have probably after March 8 when the 3rd years have more ODT info
2 mins	Boards presentation (4 th to 3 rd)	Dan	 -3rd years want info on US/Can boards and how they went and what info the upper years have about the new format for practicals -written is changing so we will have to keep that in mind -Dan/Marcia will try to set this up
2 mins	Mock Practical	Dan	 -Presidents to coordinate this -2nd years do a full eye exam on a 1st year student, monitored by 3rd year students -usually the Sunday after skit night -doesn't help for practicals necessarily because we can't do it before all practicals (too early in semester) and probably not after all practicals (too close to finals)
5 mins	Environmental Project	Environment Reps	 -trying to get composting in the school, would be emptied weekly and taken hopefully to new bin at SLC or Environment 3 (this would be confirmed in spring) -they always only do it in spring and fall, never in winter because it is too cold, so this would start in Sept -compost coordinator provides bin and bags to optom -would people use it if we had it? → Probably -most bins are in south campus but want to expand up north so we could be included in this next year -city of waterloo does have compost but it is separate from this b/c this is dumped on the UW campus gardens -uwoss environment reps email will be set up for future contact with the compost team on setting this up -reps will contact Debbie Jones or someone else from admin to make sure setting up the bin will be ok
